

# RA User Agreement, May 16, 2011

RA users agree to the following:

1. I will not give my password to anyone.
2. I will not store it on any machine in plain text.
3. I will not use a password that I use on another machine.
4. I will not reuse the password or ssh keys that I had before September 10, 2009
5. I will not use a blank passphrase for any ssh key that I create to go to/from RA.
6. I will not allow anyone else to use my account.
7. I will not login to RA from someone else's account.

Note: The initial passphrase that is set up the first time you login must be blank or parallel programs will not work properly.
